## FOR EVERYTHING

### A Word To The Mothers

Prepare at once, school time is here. Remember we have a complete line of Speiro Michael & Co. boy's school suits. We have them in Norforks with and without belts. These clothes are cut and made by skilled tailors who understand the rough treatment which a school boy gives them, and for this reason they put in each and every garment style first, and workmanship first, last and all the time.

#### New Fall Waists

We have an assortment of new waists, they are especially made up in colors to match the coat suits. We have chiffon, crepe-de-chine, lace and chiffon combined, taffeta, charmeuse, and in all colors. Prices range from \$2.50 to \$7.50

Boys and Girls, why do your shoes last so long and look so good? Is it because you are so easy on them? No! It is because each and every pair Townsend-Oldham & Co. sell you has workmanship, style, durability in them. We have a complete line of children's footwear that will stand the rough use that school children give them. We know this because these are not new lines to us, they have duplicated themselves in the past and will also in the future.

**DON'T FAIL TO INSPECT BEFORE BUYING.**

#### Ladies' HATS! HATS!! HATS!!!

Each and every citizen of our good town and country delights in seeing his wife and daughter attired in a dressy new hat. We have them now on display in our store patterned after the late French models. With the skilled ability of our trimmer, Miss Haley, she can design and make any shape for you which she hasn't ready to show. We are always pleased to show you whether or not you are ready to purchase.

#### Honoring Miss Austin

Monday evening at 8:30 a number of Snyder young people gathered at the home of Mr. and Mrs. W. T. Coleman. They were met at the door where Misses Austin and Moore played pictures from magazines representing certain flowers in each guest. Here each gentleman showed special skill in botanical lines. Then each guest was presented with a number designating a certain animal to be drawn on a blackboard. Each guest displayed unusual skill as an artist, especially Mr. Strayhorn. Some games of "42" and "Bunco" were then enjoyed, after which a delicious course of treats and cake was served by the hostess. Each guest voted Mr. and Mrs. Coleman splendid host and hostess. Those present were: Messrs. Bird, Dunn, Robinson, Williams, Strayhorn, Stewart, King and Misses Eubank, Bass, Dorfman, Brice, Wallace, Lois.

Lois and Dorcas Porter and Austin of Fort Worth.

Miss Daphne Barnes, of Elkins, arrived here Thursday to take a position as private teacher in the home of Mr. and Mrs. W. A. Johnson.

Joe Robinson, and Park Wolfe were Sweetwater visitors this week.

Rhett Merrill and Deputy Sheriff Caskey were in Sweetwater this week.

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign run away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Must everybody know my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need to do to warn people to "Look Out for the Cars."

Nothing is ever accomplished in the advertising world.

Department Stores are a very good example—they are constantly advertising—and they are constantly doing a big business.

Why, then, as a new store, should you not pay you to see advertisements above all the time?

It's just business, that's all, to ADVERTISE in THIS PAPER

### Scout and Sentinel

Both safeguard Texaco Quality.

The "Scout," equally at home in boots and oil skins inspecting the cables in a dripping coal mine, in overalls in an engine room testing a cylinder oil, or in a steel mill, watches TEXACO LUBRICANTS at work and keeps in touch with mechanical developments in all kinds of industries.

The "Sentinel," on guard at our various laboratories, keeps an alert eye on the outgoing goods. He is there to cry halt to any shipment which is not up to the Texaco Watchword—"Quality First."

The co-operation of "Scout" and "Sentinel"—the investigating and the manufacturing ends of our business—is reflected in the way in which Texaco Lubricants meet all working conditions.

Between them they have helped to solve lubricating problems for thousands of engineers and manufacturers. They are ready to help you when you say so.
